## KEY FEATURES OF THE TOTO WASHLET S7

### Cleansing Functionality:

The WASHLET S7 features a precise, warm, aerated water spray with adjustable pressure and temperature settings for a thorough, comfortable cleansing. With cleansing features like rear, soft rear, wide, and front, say goodbye to traditional toilet paper and welcome a higher level of cleanliness and comfort.

- **PREMIST®:** This TOTO Cleanovation technology pre-mists the bowl automatically before use, reducing waste and grime sticking to its surface. As a result, they are washed away with each flush, resulting in a cleaner, fresher bowl.
- **EWATER+®:** This unique innovation by TOTO uses electrolyzed water to automatically mist the wand inside and out, before and after every use. After each use, EWATER+ also mists the bowl to clean it and prevent odors.

**Seamless Seat Design:** With TOTO's attention to detail, the WASHLET S7's seat design is constructed to eliminate the gap where dirt and grime collect. Our goal is to make your everyday life easier, including how you clean and care for your WASHLET to ensure its longevity.
