

TOTO®

WASHLET: The Original Luxury Bidet Seat

Today, TOTO is showcasing three products from its WASHLET bidet seat lineup: the TOTO WASHLET Costco Exclusive, WASHLET K300, and WASHLET S7A.

The TOTO WASHLET is a high-tech bidet seat featuring warm-water cleansing and warm-air drying technology, providing a cleaner, comfier, and more luxurious bathroom experience. Easily installed on virtually any toilet in just 15 minutes without the need of a plumber, WASHLET is an excellent gift for those new to bidets, as well as homeowners and renters looking for a simple way to upgrade their bathroom.

Reasons to Own a WASHLET

1. **A Better Way to Clean** – With a strong adjustable flow of warm aerated water and an effective warm-air dryer, TOTO WASHLET bidet seats offer a clean far superior to toilet paper. In addition to ensuring total cleanliness, they can help ease the symptoms of hemorrhoids, Crohn's disease, and IBS.
2. **Increased Bathroom Cleanliness** – TOTO WASHLET bidet seats not only keep you clean and comfortable but also automatically clean your toilet. With an automatic deodorizer and auto wand and bowl cleaning technologies that spray before and after use, WASHLET ensures your bathroom, toilet, and wand remain fresh and clean at all times.
3. **Environmentally Friendly** – We all want to protect the environment, and TOTO makes it easy. Eliminating just one roll of toilet paper saves nearly 37 gallons of water, and by switching to a TOTO WASHLET, consumers use approximately 75% less toilet paper compared to everyday toilet use. Additionally, WASHLET bidet seats' advanced cleaning functions reduce the need for frequent bowl cleaning with harsh chemicals.
4. **Maximum Comfort** – Considering how much time we spend on the toilet, it should be a pleasant experience. WASHLET bidet seats provide refreshing personal cleansing with heated seats, warm water cleansing, and warm air drying. TOTO WASHLET offers a quick and simple way to create a luxurious, spa-like experience in your own home.
5. **Better Quality of Life** – For those with mobility challenges, using toilet paper can be difficult and even dangerous. TOTO WASHLET bidet seats offer personalized cleansing and drying at the touch of a remote control, providing users with privacy, dignity, and greater independence in their daily lives.

Company Overview

TOTO, the world's largest bathroom products manufacturer, has been enhancing luxury bathroom experiences for over 100 years. Renowned for its innovation and trendsetting design and technology, TOTO is dedicated to improving people's daily lives, as showcased by its WASHLET.
