

# Hamilton Beach®

## Hamilton Beach® Slide & Lock™ Espresso Maker

**A Chic New Look** – This popular espresso maker is now available in a trendy white color, adding a modern touch to your kitchen.

**Espresso Made Simple** – The patented Slide & Lock™ portafilter makes brewing authentic, barista-quality espresso from home a breeze. There's no need to fiddle with brew heads in hard-to-access. Instead, you can simply slide the portafilter in place from the front of the machine and lock it on the side.

**Brew with Confidence** – Ensure optimal extraction and flavor by easily observing the pressure dial at the front of the espresso maker. The pressure dial gives you the confidence to brew perfect espresso, even if you're still learning.

**Versatile and Authentic** – The powerful 15 bar Italian pump fully extracts the espresso's flavor for an authentic café taste, silky crema and quality results every time. The built-in swiveling frothing wand lets you prepare milk exactly to your liking to create authentic cappuccinos, lattes, macchiatos and more.

**Customized Espresso Shots** – With two portafilter spouts, you can brew 2 shots of espresso at once. Customize volumes to your liking by simply turning off the machine when you reach your desired amount of espresso.
