

# Introducing

## Your free AI-powered scam detector

Think your texts, emails, or social media messages are scams? Are the websites you're visiting risky?

**Just ask Norton Genie and you'll know instantly — your wish is our command!**

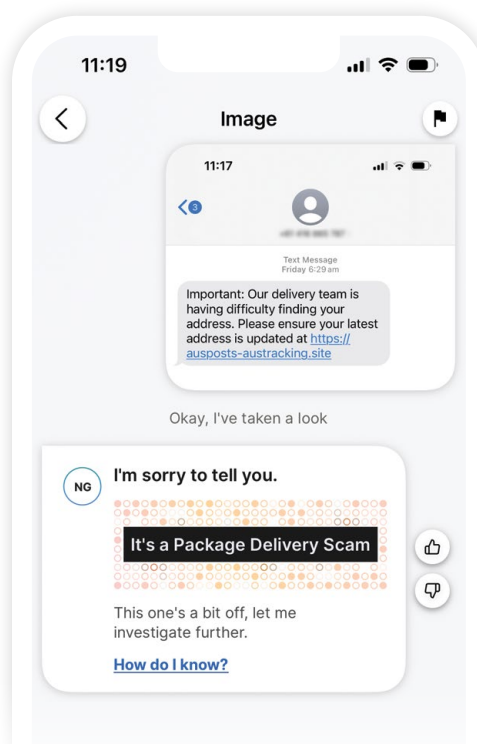

**Know if a link is safe before clicking. Random links can lead to websites that could steal your personal info and more.**

Norton Genie scans your suspicious email/sms by:

- ✓ Analyzing content
- ✓ Extracting text
- ✓ Checking URL links
- ✓ Checking scam tactics and more

**Genie is powered by advanced AI so the more you use it, the smarter it gets at detecting new scams.**
