“The Best Soda Maker”

Drinkmate OmniFizz

OFFER ENDLESS FIZZY POSSIBILITIES

Hard Seltzers • Sparkling Wines • Spirits • Juices • Flavored Waters • Iced Teas • Cold Brew Coffee • Soda pop gone flat... And, whatever else they can imagine!

The OmniFizz's patented technology empowers your customers to infuse MORE than just water with effervescent bubbles. Plus, because it carbonates beverages directly (unlike other brands, which can only carbonate water, which is then added to the drink), users aren't diluting the flavor or alcohol.

NO ELECTRICITY REQUIRED

The Drinkmate OmniFizz is powered entirely by food-grade CO2 cylinders, no electricity required.

AVAILABLE IN A VARIETY OF COLORS

Matte Black • Classic White • Royal Red • Arctic Blue • Lavender (Limited Edition)

BUNDLE VARIATIONS AVAILABLE

Typically packaged with 1L bottle and one CO2 Cylinder. Reach out for additional bundle variations.

JOIN OUR SUCCESSFUL CO2 PROGRAM

Sell our replacement cylinders and accept empties while capturing incremental sales and encouraging future store visits. Our 60L cylinders are compatible with most models from other brands, and we also accept 60L cylinders from other brands (threaded cylinders only).
