

**CHI® SteamPress**

## **3-in-1 Handheld Garment Steamer and Iron**

Versatile | No Ironing Board Needed | Plenty of Steam Time

**Versatile 3-in-1 Styling:** The CHI SteamPress has the ease of a handheld steamer for clothes, plus the finishing power of an iron. Choose from three modes – Vertical Steam mode to blast away wrinkles, Flat Iron mode to quickly steam press, or Dry Press for delicate garments.

**No Ironing Board Needed with Flat Iron Mode:** Easily press out tough wrinkles with Flat Iron mode for fabrics like cotton, denim or linen or finishing work like pleats, cuffs or creases. By clamping on both sides of a garment at once, the CHI SteamPress allows you to iron without an ironing board.

**Faster Wrinkle Removal:** The titanium-infused ceramic soleplates are scratch resistant, smooth-gliding and heat up in 25 seconds. The extra-long reach of the press makes detail work a breeze.

**Plenty of Steam Time:** The high steam rate, quick heat up time and nine minutes of steam time from the large 200 ml water reservoir make this clothing steamer and iron a powerful solution for both steaming and pressing.

**Comfortable to Use:** The handheld steamer's ergonomic handle allows for continuous steaming and pressing without fatigue. Quickly switch between modes with the mode selector.

**Extra Long Reach:** The 10 foot cord allows you to plug in the CHI SteamPress where it's most convenient, giving you plenty of reach for all of your steaming jobs.
