THE FOUR SLICE™ Precision Toaster

Luxury Countertop Cooking at the Next Level

Flexibility & Precision - Designed for ultimate versatility, the Lotus Professional Series Four Slice Toaster features extra-wide slots to accommodate thick bagels, artisan breads, and a variety of bread shapes and sizes. Self-centering bread guides ensure even toasting, whether using thin or thick slices. For superior toast performance, the 1-Slice Feature automatically adjusts heat distribution when toasting a single slice, ensuring consistent results.

Advanced Control & Customization - With seven toast shade settings, precisely adjust the toast color. Dual shade selectors allow independent control of toast color for each pair of slots in the four slice toaster. The Cancel, Bagel, 1 Slice, and Defrost functions offer added flexibility, while the commercial-grade heating elements ensure reliable and consistent performance. The Bagel setting expertly toasts the inside while gently warming the outside. The defrost function delivers one-step toasting for frozen bread, waffles, French toast, and more.

Sleek & Thoughtful Design - Built for luxury and durability, this toaster features a stainless steel and die-cast construction that complements any high-end kitchen. The extended bread lifter makes for effortless removal of smaller foods and slide-out crumb trays make for easy cleanup.

Elevate your kitchen with the Lotus Professional Series Four Slice Toaster—where precision meets performance in a stunning, high-end design.
