 - Twin XL (39"x80")
 - Full (54"x75")
 - Queen (60"x80")
 - King (78"x80")

About the Bedsure 2-in-1 Mattress Topper

Bedsure's new 5" 2-in-1 Mattress Topper combines a 2" viscose derived from bamboo blend pillow top with a 3" memory foam layer, offering an easy and affordable way to instantly upgrade uncomfortable dorm or apartment beds into a cloud-like sleep experience without replacing the mattress itself.

Key Features

1. For Sleepers Who Want a Softer Bed Without Replacing Their Mattress

The Bedsure 2-in-1 Mattress Topper instantly upgrades hard, flat, or worn-out mattresses with a dual-layer 5" design that combines plush softness with pressure-relieving support. The 2" pillow top adds fluffy comfort, while the 3" memory foam base helps cushion the body and reduce sleep discomfort.

2. For People Who Can't Decide the Softness

Unlike traditional mattress toppers with only one feel, this flippable memory foam design offers two sleep experiences in one topper. The smooth side delivers plush contouring softness, while the egg-crate side promotes airflow and cloud-like pressure relief for more personalized comfort.

3. For Hot Sleepers Who Wake Up Sweaty or Overheated

The bamboo-derived viscose blend cover is designed to improve breathability and airflow throughout the night. Combined with the ventilated egg-crate foam structure, the topper helps create a cooler, fresher, and more comfortable sleep environment.

4. For Restless Sleepers Tired of Mattress Toppers Sliding Around

Designed for stability, the topper includes 4 cm high-elastic straps, four corner ties, and a deep-pocket stretch knit skirt that fits mattresses up to 21". The secure-fit construction helps prevent shifting, bunching, and sliding during sleep.

5. For Renters, Students, or Budget-Conscious Shoppers Seeking an Affordable Bed Upgrade

Instead of replacing an entire mattress, the Bedsure 2-in-1 Mattress Topper offers a lower-cost way to refresh your sleep setup while improving both comfort and bedroom appearance.
