Winston-Salem, NC, Holiday 2026 – At the heart of the best holiday parties is memorable food – foods that are made with the freshest ingredients, expertly blended and served with flair. When you want to make your guests’ taste buds dance, discover Green Mountain Gringo’s® all-natural Cantina Salsas and Tortilla Strips.

Cantina Medium Salsa delivers rich, finely blended flavor with a mix of tomatoes, tomatillos, jalapeños, onions, and fresh herbs. Balanced at a medium heat (50-200 Scoville units), this smooth salsa makes the perfect snack, condiment, or recipe enhancer. Like all GMG products, it is all natural and made to satisfy with wholesome, robust flavor.

Cantina Roasted Garlic Salsa celebrates the rich flavor of open-flame roasted garlic. This medium-heat salsa (50-200 Scoville units) is a unique combination of fresh vegetables and spices, resulting in the perfect restaurant-quality consistency for dipping and enhancing recipes. Its depth of flavor is enhanced with expertly paired ingredients, including onions, tomatillos, jalapeno

peppers, pasilla peppers, cumin, cilantro, parsley, sea salt and apple cider vinegar.

Green Mountain Gringo Tortilla Strips are rectangular shape, making it easier to enjoy the perfect bite. They have a sturdiness that can withstand even the most aggressive dippers and their simple ingredients deliver crisp satisfaction. The Strips come in four varieties: **Yellow Corn Tortilla Strips** offer a hearty, robust flavor; **White Corn Strips** have a lighter, crisp flavor; **Blue Corn Strips** punch up any plate with a colorful crunch and toasty flavor; **Multigrain Tortilla Strips** use a unique blend of earthy ingredients to create a flavor that is a more complex and hearty than other tortilla chips

These Salsas and Strips are sold in more than 2,600 stores nationwide, so they are easy to find on supermarket shelves. “Holiday is the perfect time to discover your new favorite salsa,” said Director of Marketing, Katie Chaffin, for Garner Foods®, parent company of Green Mountain Gringo. “Our new Cantina line delivers bold, fresh ingredients and amazing flavors to every table.”
