PLANETGOODS™

PlanetGoods™ To-Go Salad Bowl Kit

The **PlanetGoods™ To-Go Salad Bowl Kit** is thoughtfully designed for busy workdays, on-the-go moments, and lunches worth looking forward to. The kit includes a borosilicate glass bowl, a stainless steel toppings tray, a leak-proof dressing container, and a flexible silicone lid so everything stays fresh, organized, and easy to carry. The kit is compact and leak-proof for worry-free transport, making it great for taking lunch to the office or meals on the go.

Greens stay crisp, dressing stays separate, and nothing leaks in your bag. When it's time to eat, the glass bowl feels good to eat from, can go in the microwave, and is easy to clean.

Whether you're packing a fresh salad, a rice bowl, chili with toppings, or leftovers, the salad bowl kit makes bringing meals with you simpler and more enjoyable. Every piece is dishwasher safe, so cleanup is easy. \$49.95, PlanetGoods.com

PlanetGoods is built on the same quality, durability, and thoughtful design PlanetBox is known for, bringing that trusted approach to everyday meals for adults. Designed for life at home, at work, and on the go, PlanetGoods focuses on long-lasting products that make daily routines easier and help cut down on waste.
